

CTB

BRAZIL - OMAN

CHAMBER OF COMMERCE

AML/KYC Policy

This Policy sets out the Anti-Money Laundering and Counter-Terrorist Financing (AML/CFT) guidelines and the Know Your Customer (KYC) procedures adopted by the Brazil–Oman Chamber of Commerce.

Purpose and Legal Basis

This Policy aims to prevent the Brazil–Oman Chamber of Commerce from being used for money laundering, terrorist financing or other illicit activities, in accordance with Brazilian Law No. 9,613/1998 and other applicable rules, as well as relevant FATF international recommendations for nonprofit civil associations.

Scope of Application

This Policy applies to all candidates and members, individuals or legal entities, Brazilian or foreign, as well as to the Chamber's institutional partners and relevant suppliers.

KYC Procedures

The admission process includes identifying the candidate and their company, identifying the ownership structure and beneficial owners, and verifying any Politically Exposed Person (PEP) status, as declared in the Candidate Portal's compliance questionnaire.

Risk Assessment

Each application is classified by risk level (low, medium or high) considering factors such as country of origin, nature of economic activity, compliance history and answers to the integrity questionnaire; higher-risk applications may require additional documentation and review.

Screening Against Restrictive Lists

Candidates and members are screened for presence on international sanctions lists, sanctioned countries or entities, and restrictive lists maintained by bodies such as the UN, OFAC and the European Union; membership is prohibited for persons or entities on such lists.

Ongoing Monitoring

CTB

BRAZIL - OMAN

CHAMBER OF COMMERCE

Membership status is subject to ongoing monitoring, and the Chamber may request updated registration information or a new compliance review at any time, particularly in the event of material changes to a member's ownership structure.

Red Flags

Red flags include, among others: refusal to provide information on beneficial owners, inconsistencies in the documentation submitted, an unusually complex ownership structure with no apparent justification, and a history of integrity-related investigations or sanctions.

Record Retention

Records and documents related to KYC processes are kept by the Chamber for the minimum period required by applicable law, with restricted access and handling in accordance with the General Data Protection Law.

Reporting of Suspicious Activity

Situations giving rise to a well-founded suspicion of money laundering, terrorist financing or other illicit activity will be assessed by the Executive Board and the Fiscal Council, and may be reported to the competent authorities where required by law.

Training and Updates

This Policy will be periodically reviewed and communicated to the officers and staff responsible for reviewing applications, to ensure its effective application.
